New Immunization Requirements for Incoming 7th grade students

Dear Parent/Guardian of an incoming 7th grade student,

Effective with the 2010-2011 school year, 1 dose of Tdap (Tetanus, diphtheria and acellular pertussis, adolescent and adult formulation) or Td (Tetanus and diphtheria, adult) vaccine shall be required **PRIOR TO ENTERING THE SEVENTH (7TH) GRADE**. This dose is intended to be administered as a **BOOSTER** dose for students who have completed the required doses of the initial series of DTap/DT/Td vaccine.

Any students who completed the original DTP/DTap/DT series and later received Td or Tdap for an injury or other reason within 5 years of entering 7th grade will meet this requirement and not need to be re-immunized for entry to 7th grade.

Parents are encouraged by the Ohio Board of Health to get Tdap as a booster for your child rather than only Td vaccine.

All incoming 7th grade students are required to show proof of having received the Tdap or Td vaccine by the beginning of the school year.
